

PetTec

Interactive Ball

Single & Double Set

LOVE
YOUR **PET**

HERE WE GO...

Thank you for choosing our toy. With the PetTec Pet Toy Interactive Ball your pet will always be busy.

Important safety instructions

READ ALL INSTRUCTIONS AND WARNINGS IN THIS OPERATING MANUAL BEFORE USING THE PLUSH PET TOY.

1. Please do not immerse the Pet Toy in water and do not soak the Pet Toy when the electronics are inside the Pet Toy.
2. Do not immerse the device in other liquids either. The mechanism that makes the fish move is not waterproof. If the fish is dropped in the water, the electronics will get damaged.
3. Do not put the Pet Toy in the microwave or in an oven. Do not expose the Pet Toy to high temperatures.
4. Do not expose to hot sources such as fire or prolonged direct sunlight.
5. The Pet Toy is designed as a toy for cats! The Pet Toy is not intended for any other use.
6. Stop using the product if the battery begins to smell or smoke.

7. If you experience any malfunction, contact our customer service directly.
8. The toy is designed for indoor use only, leaving it outside may cause it to dampen and damage the mechanism.
9. Although it is primarily a toy for your pet, always be aware of your duty of supervision towards your child.
10. Please remember that the Pet Toy is a toy and is not suitable for use with real babies and small children.
11. The Pet Toy can be cleaned if necessary with a damp (not wet) cloth. Please do not bathe the Pet Toy.

Notes on the built-in battery

1. For full performance and maximum operating time of the product, we recommend fully charging the integrated battery .
2. Only use the battery we have installed and do not unscrew the electronics yourself.
3. If the toy is not used for a longer period of time, move the switch to the „OFF“ position to increase the battery life.
4. If any moisture has penetrated the electronics, please dry with a cloth.

5. Recharging integrated batteries may only be carried out under adult supervision.
6. Do not throw the electronics into a fire as they may leak or explode.
7. Please also keep the electronics away from hot sources such as ovens or a cooker.

Battery note

As the safety of our customers is of particular concern to us, we would like to point out that this item is battery-operated. Please check the item regularly for damage and replace if necessary. Keep the damaged item out of the reach of children. Always make sure that the electronics of the Plush Toys are not accessible!

PACKAGE CONTENTS

FEATURES

For cats

The Pet Toy is designed for cats as an indoor activity toy

Built-in rechargeable battery

The built-in rechargeable Li-Ion battery allows for long periods of play before the toy needs to be recharged.

Bird sounds

The pet toy makes bird noises when it plays, encouraging the cat to play.

Standby mode

After ten minutes of play in fast mode, the pet toy automatically goes into standby mode and saves the battery.

3 modes

With three different modes, new play incentives can be created for the cat again and again.

INSTRUCTIONS & CLEANING

- The product makes bird noises
- The silicone cover can be removed and washed
- If the device rolls slower than usual, please clean the device and remove the hair.
- If the buttons on the ball cannot be pressed as usual, check that the silicone cover is properly seated

CUSTOMER SERVICE

Declaration of conformity

Stage10 GmbH hereby confirms that the pet toy described in this user manual complies with the relevant guidelines. The full text of the EU Declaration of Conformity is available at the following Internet address:

<https://support.pettec.de/hc/de>

Declaration of conformity (see chapter „Declaration of conformity“): Products designated with this symbol fulfill all applicable community provisions of the European Economic Area.

MANUFACTURER INFORMATION AND SERVICE

If you have questions about the PetTec Plush Pet Toy or experience problems using it, first contact us via email at the following address:

WASTE DISPOSAL

Disposing of packaging

Please sort the packaging before disposal:

- Cardboard and paperboard with paper recycling
- Plastic wrap with recyclables

Disposal of devices

Applicable in the European Union and other European countries with systems for the separate collection of recyclables.

Disposal in accordance with WEEE (Waste Electrical and Electronic Equipment Directive): All products labelled with the „crossed-out wheelie bin“ symbol must not be disposed of with household waste. They must be collected separately. The local authorities have set up collection points where old

appliances from private households can be collected free of charge. If not disposed of properly, hazardous substances from electrical and electronic equipment can be released into the environment.

Do not dispose of used devices with household trash!

If your Plush Pet Toy is no longer usable, each user is obligated by law to dispose of used devices separately from household trash, e.g. at a collection site in your municipality. This ensures that used devices are recycled properly and that negative environmental effects are avoided. Therefore, electronic devices are marked with the symbol shown here.
